Annual Report

1. Overview
2. Main points
 - a. Production

We have produced six editions only during this period owing to pressures on the editor with domestic and other problems. We have now two computer systems in two locations but have not completed setting up the communications link between them, to allow free interchange of information.

We are still producing about 4,000 copies per edition and its circulation area as ever seems reach people who are new and have not visited this area of life before further also other uncharted area within the UK. We still are hearing of the difficulties experienced and discrimination still is persistent.

- b. Volunteers
 - i. We have some difficulties owing to sporadic publishing cycle of the newsletter, we have lost by the wayside some volunteers. We have also gained others. Distribution being by informal means and only by volunteers again has made some difficulties mitigated only by some useful links set up in the Fetish world. Our thanks go to them for their assistance.
 - c. Welfare
3. Future Objectives
4. Conclusion
